July 2017

Scott Family Housing Residents,

The Summer Bash turned out to be an awesome night where a lot of our Residents gathered, socialized, and had some quality family fun. Thank you to all who joined us and we hope you had as much fun as we did with you all!

We also want to give a huge thank you to everyone that participated in the Memorial Day-Wear Blue: Run to Remember Run that was held at the end of May. We had an awesome group of people show up and it was amazing to see all the support for our fallen soldiers.

Maintenance Tips

1. Spray Condenser coils off with a garden hose (while unit is off)
2. Trim bushes and tall grass away from your outside air conditioning unit.
3. Check caulk and weather stripping around windows and doors for damage and wear.
4. Vacuum the condenser coils on the bottom of your refrigerator
5. Clean and inspect your gutters. Use a garden hose to flush your gutter out and make sure that your downspouts are directing water at least three feet away from your foundation.
