"One Less Thing to Worry About"

Spousal Outreach Support

We are honored to assist you while your spouse is deployed. In an effort to provide you the best service, we need a little assistance from you.

While your spouse is deployed or on TDY for **more than 120 days** (a copy of orders must be provided) we will be happy to have our landscaping company mow your backyard, leaving you with "One Less Thing to Worry About."

Typically, the grass is mowed weekly, unless weather interferes. Please make sure that all personal items in your yard are picked up and set on the patio area. If you have a dog, it is necessary that the pet is not in the yard and that all of the feces are removed before the yard can be mowed. If your lawn is not cut for any of the above reasons the responsibility for mowing and edging will fall upon you for the current week. **Please be reminded that the flower and tree ring beds will still be the responsibility of the service member and family. Keep weeds pulled, borders in neat order, bushes trimmed and dead plantings removed.**
If your lawn is not mowed due to weather, your home will be added to the following weeks mow list. Your cooperation is greatly appreciated to help this valuable program work to make your life easier.
