

## Our President's Message

Hunt Military Communities celebrates the youngest members of our communities. The smallest warriors, the children, often make some of the most significant sacrifices moving from state to state, school to school, and having parents deployed for long periods, along with the myriad other challenges military families face.

We are proud to acknowledge and support the tremendous strength and resiliency children of our military families display. To recognize military children, we have launched our 2nd annual "Hunt Little Heroes." We ask that your children share stories of what they think it takes to be a hero and how they've been a positive influence in their community. Applicants are asked to submit a 300-word essay, a video no longer than 2 minutes, or a drawing telling their "Hero Story" in their own unique way. For the "younger" heroes, a photo with a short caption may also be submitted. All applicants will receive a complimentary Hunt Little Heroes cape and mask. We will select the top three submissions and give a cash prize to each. Applicants can visit [learnmore.scholarsapply.org/huntheroesscholarship/](http://learnmore.scholarsapply.org/huntheroesscholarship/) to see if they qualify, and to submit their story.

From all of us here at HMC, thank you for your service and sacrifice

*John Ehle, President Hunt Military Communities*

## SatisFacts

Are you a new move in? **Did you recently** have a **maintenance** work order completed? Share your feedback through our brief survey for your chance to win a \$50 Amazon Gift Card! Surveys arrive via email from [surveys@satisfacts.com](mailto:surveys@satisfacts.com). Winners are drawn every month! Our continued goal is to provide residents with 5 Star Customer Service!

## Winter HVAC Tips

**Filter Changes** should occur at a minimum of every 3 months. Replacements are provided upon request.

**Do NOT Block Air Vents.**

**Do NOT Block Large Return Air Grille.**

**Keep Your Thermostat Set at a Comfortable Temperature.** A higher thermostat temperature will not heat your home faster.

**Check Carbon Monoxide Detectors.** which are usually located near the HVAC/Water Heater closet. If you believe your detector is not functional, call in a work order immediately.

**Do NOT Attempt to Repair** the HVAC unit. Place a work order.

**Thermostats Should be set to a Minimum of 65 Degrees.**

**For Patriots Landing Homes** (excluding Knox and Geo Wash) keep the front coat closet door cracked during freezing temperatures. The water supply comes into the home through this closet and keeping the door cracked could prevent frozen pipes.

**DID YOU KNOW?**

**Heat Rises** and will likely cause the upstairs to be warmer than downstairs.

**Your Outdoor** Unit does not heat your home.

**Keeping Doors and Windows Closed** will help maintain your desired temperature

## Employee Spotlight

**Ariel** started her career with Hunt in 2017 as a Leasing Specialist. She now assists the General Officers and organizes all things marketing.

**Fun Fact:** Ariel loves spending her free time outdoors on the lake or river!

**Ariel** enjoys working directly with the residents. She finds joy when she's able to help make residents' lives a little less stressful.

**Executive Housing & Marketing Coordinator**

Looking for some great local & virtual offerings this month? Check out the events below!
