SCOTT INSIGHTS News & Stories

PRESIDENT'S MESSAGE

As we welcome warmer days and longer nights, we also look to a future of doors opening back up and life returning to a new normal. I want to personally thank you for your patience this past year as we all navigated the safest way to serve our residents, employees, and our partners. It was not easy to manage an unexpected pandemic, but we did so, always keeping our residents' best interests and safety

first and foremost. Over the course of the next month, we hope to begin opening up our amenities (as appropriate and approved by local guidelines) and see a full return of staff to our offices. Our teams look forward to seeing you and helping you in any way we can. And as a reminder, one of the best ways to help minimize the spread of COVID-19 is to get vaccinated. If you are having difficulties finding a location where you can receive your vaccination, please check out vaccinefinder.org

FIRE EXTINGUISHER QUALITY CHECK

DRIVE-BY QUALITY CHECKS

FRIDAY, 14 MAY from 12:00PM-4:00PM

PATRIOT'S LANDING / FIRE STATION 2

FACE MASK AND SOCIAL DISTANCING REQUIRED

Scott Family Housing, the Military Housing Office and Scott's Fire Emergency Services have partnered to offer residents the opportunity to have their fire extinguishers inspected by bringing them to a drive-by quality check! We encourage residents to review the provided Fire Extinguisher Inspection Tips. If any of these tips are applicable or you're unsure if your extinguisher is operable, we recommend participating in the quality check. A member of Fire Emergency Services will inspect the extinguisher further.

A complimentary Chick-fil-A snack will be available for those participating!

While supplies last.

FIRE EXTINGUISHER INSPECTION TIPS

- **Inspect External Condition** - No apparent damage; Easy to read label
- **Hose** - Check to see if it is in place and not broken
- **Nozzle** - Nothing stuffed inside the discharge
- **Weight** - Should feel as though it contains agent
- **Pressure Gauge** - Within operable range (in the green)

Please be aware that these tips DO NOT certify that the extinguisher is serviceable as determined by NFPA 10. Fire extinguishers still have to be certified by the proper authority having jurisdiction.

PRE-REGISTRATION RECOMMENDED

To ensure our team has adequate staff and supplies, we ask that if you are interested in participating and have not already registered, please do so by emailing your **NAME, ADDRESS & PHONE NUMBER** to marketingscott@huntcompanies.com
