

PRESIDENT'S MESSAGE

On September 11, 2001, almost 21 years ago, 246 people went to sleep in preparation for their morning flights. 2,606 people went to sleep in preparation for work in the morning. 343 firefighters went to sleep in preparation for their morning shift. 60 police officers went to sleep in preparation for morning patrol.

8 paramedics went to sleep in preparation for the morning shift. They all died heroes. The one thing we can all do is recognize their lives were not lost in vain. I ask you to join me in vowing to "never forget" and to continue living our lives stronger and more unified.

In memory of 9-1-1, Hunt Military Communities and Hunt Heroes Foundation is once again hosting the Patriot Essay Contest. This is open to any child between the ages of 8-18. We are looking to read the personal reflections from children who understand and embrace the importance of patriotism, even though they never experienced the tragedy of 9-1-1. Children wishing to submit their essay can do so at huntheroesfoundation.org. Submissions are due no later than September 7th. Winners will be announced on September 9th.

As always, thank you for allowing us to serve you.

Semper Fidelis,

BRIAN STANN
PRESIDENT & CEO, HUNT MILITARY COMMUNITIES

Saving Energy Saves Money

Bringing energy-efficient and water saving products to Scott Family Housing.

We are committed to supporting the Air Force's Energy Flight Plan goals of reducing energy and water demand on Air Force installations to ensure mission readiness. To show our support, Hunt is partnering with our utility provider, **Ameren Illinois**, and **CMC Energy** to bring energy-efficient and water saving products to Scott Family Housing.

In an effort to reduce our environmental impact, the SFH team and our partner **CMC Energy** are replacing lighting in your home with longer lasting and more energy-efficient LED lighting designed to reduce electricity use and improve the sustainability of your home. We will also be installing Smart Thermostats, providing advanced powerstrips, and be providing upgraded shower heads and sink aerators that will use less water but improve water pressure in your home.

These products are free to you as a resident and will help reduce electricity and water consumption in your home. This saves you money on your bills, time submitting work orders, and helps reduce waste in our community. We are also working on new LED street lighting that will help make the community safer with better-lit sidewalks and roadways. We are excited to bring these opportunities to our neighborhoods and improve our environmental footprint.

LAWN CARE PROVIDERS

- **Jaiden Bowens** - (770) 653-6330 - FB: Rosa Bowens - *On Base Neighborhoods Only*
