## January Maintenance Tips:

- Holiday Cleanup - You've had the fun, and now it's time to get rid of the evidence! :) Take this time to store and organize your holiday gear
- Seek & destroy hidden dirt - yes, cleaning counts as home maintenance! Clean those filthy places that people don't see but you know are there! Hot spots to touch on are range hood, refrigerator coils, ceiling fans, and dusty light fixtures
- Do a deep declutter - banish piles, clean out closets & drawers and tackle the "catch-all" area in your home if you can!
